

Here is a photo story of our trip:

The Joy FM radio station takes place in a building that used to be a dentist office and before that a restaurant!

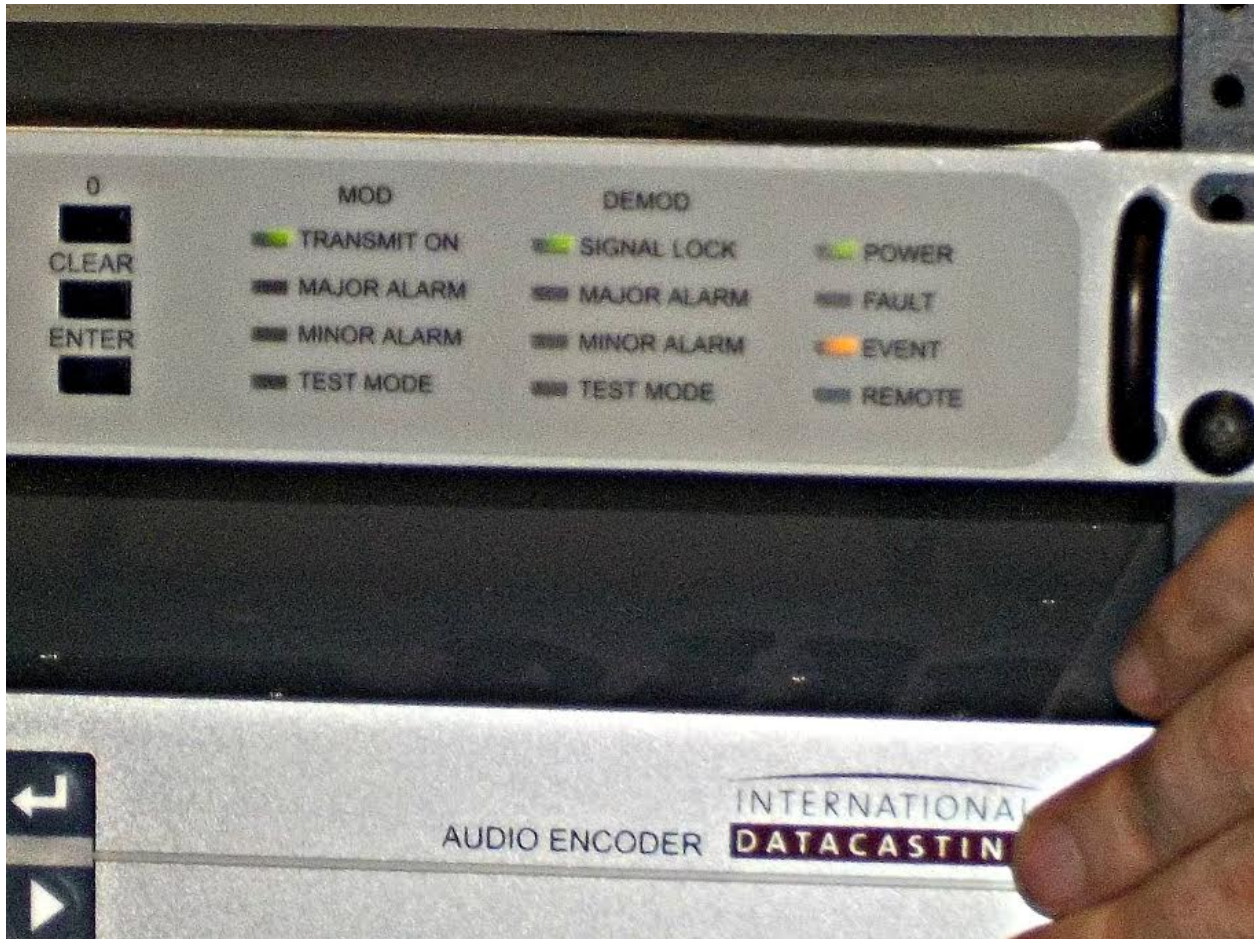

Recording time!

If the computers break, then the CDs take over. "Now what do you have to say about this, CDs?"

"Mwhahahaha," says CDs.

These are the most important buttons in the whole station.

Here is one of our members trying out the equipment.

Talky Time!

On the air!

Thank you, Joy FM, for the wonderful tour!
